

قراطية فاروق العالمية
Farook International Stationery

Welcome to Farook

Since the establishment of Farook International Stationery (FIS) back in 1980, we have always had the principles of good quality products, good service to our customers, and reasonable prices. Also, we are proud to have attained and maintained ISO 9001:2000 quality certification since 1998 and it is our pride that today, FIS stationery products are exported to well over 80 countries across the globe. We owe our achievements to God's grace and the loyal patron age of our beloved customers who have supported and believed in us throughout the years. In return, we are renewing our commitment to serve better and offer high quality products, at reasonable prices. We shall continue expanding our range of products. The recent launch of a wide range of envelopes, we manufacture with our new and most modern German envelope making machine, is another product from us at FIS.
