MODERN STATIONERY L.L.C.
Welcome to our MODEST World

WHOLESALE OFFICES EXPORTS

Welcome to Modern

When Modern Stationery opened for business in 1987, we had modest ambitions and a natural reserve that matched the prevailing opportunities of a young city - Dubai. We focused on the education sector and understood it well. Recognition and a reputation for quality and value grew rapidly and we became a preferred outlet in the areas we served. From pins to projectors and markers to magnetic-boards we have an inspiring range of products. And there's value built-in; built-in to the price, which is truly competitive and built-in to the quality which promises prime function and durability.
